I have the honour to refer to clause (c) of Annexure VI of the Madras Travelling Allowance rules, from which it will be seen that Government servants entitled to Fixed Travelling Allowance at rates fixed for ordinary tracts are entitled to receive in addition mileage at ordinay rates for the distance travelled in special tracts. The above rule is intended to meet the more or less exceptional cases of journeys made i

in special tracts by Government servants who have to make more frequent tours in ordinary tracts. But in the case of those whose jurisdiction lies solely in special tracts, the application of the above rule results in travelling allowance becoming a source of profit as, under the rule referred to above, mileage allowan under ordinary rules is admissible for every mile travelled. It would be more economical to grant an enhanced rate of Fixed Travelling Allowance in order to make the rule inoperative in such cases. I would request that necessary action may be taken in the matter.

2. The case that has given rise to the above suggestion is that of supervisor, Kollegal Division, whose head quarters is in Kollegal village, a station declared to be an ordinary tract. This supervisor has drawn travelling allowance as shown below in addition to his ordinary Fixed Travelling Allowance of Rs.40.

Mileage drawn in addition Fixed Travelling Allowance.

It would perhaps be economical in this case to fix his Fixed Travelling Allowance at Rs.50 or Rs.60 a month.

Fixed T. A – Supervision Kollegal
Touring in Special tracts

---

~~Mr. Ag. brings~~ The Ag. brings ~~to notice~~ to notice that during the months January to November 1925 the Supervisor Kollegal Sri. drew mileage allowance in addition to his fixed T.A under clause (c) in Annexure VI to the T. A rules, and that both together exceeded in several months 1½ times his fixed T.A. The Conservator ~~is~~ considers that if the Supervisor's work is such as to ~~ordinarily~~ take him more frequently into special tracts than the ordinary tracts the rate of fixed T.A allowed to officers whose touring is entirely in special tracts may be applied in his case also. The C.C.F(Ex I) is requested to report on the ~~nature of the Supervisor's~~ whether this may be done work, & to ~~get~~ his remarks on the proposal.

Sir,

*Fixed Travelling Allowance-Supervisor, Kollegal Division-Touring in special tracts.

Reference: Memorandum No.2857 B-1 dated 11th March 1926.

---

It is reported that the Section Officer, Kollegal, has been paid Rs. 57 on an average as travelling allowance including the mileages for tours in the special tracts. The number of days the Section Officer has to tour in the special tracts is also reported to be more than 50% of the number of tour days in a month.

In the circumstances I consider that the rate of Fixed Travelling Allowance allowed to officers whose touring is entirely in special tracts may be applied in the case of the Section Officer and accordingly recommend a Fixed Travelling Allowance of Rs. 60 per mensem.

Fixed T.A. — Supervisors & overseers. Touring both on ordinary & Special tour

Secy

Attention is solicited to the note to G.O. No 1184 W dt 18.10.24. wherein was considered the question as to whether fixed T.A. should be granted to upper & lower subs who tour in both ordinary and special tracts. The A then held that the case of Govt Servants who have to travel in both tracts should be dealt with as provided for in rule (C) of annexure VI to the Rly T.A. rules and it was so decided. The A.G. now brings to notice that the application of the above rule results in travelling allowance becoming in some cases a source of profit and suggests that it would be more economical to grant an enhanced rate of fixed TA in order to make the rule inoperative in such cases. The portion of touring in special tracts will vary — in some cases it may be very little and in other cases more

V at p 102 of the Manual of Special Instructions.

more frequent tours may have to be made — and it may not be possible to fix a uniform rate of enhanced allowance to cover all cases. The monthly T.A. of those officers who have to make frequent tours in the Special tracts may perhaps be limited to what they would be entitled to, if the enhanced rate fixed T.A. sanctioned in form 11 Sch W of 18.10. to supervising towing entirely in special tracts owners was applied in their case. The remarks of Finance may be noted.

2. The individual case of Kathiyawar Section may be governed by the orders that may be passed on the general question raised in para 1 above.

1/2/26

3. Before the suggestion at A above is put made to the Finance Deptt, the C.R.'s remarks may perhaps be first invited with reference to it.

CMS 10.2.26

I consider it absurd if the Bd. is having of such individual cases. How soon he knows that in such

Cons T.A. has become a source of profit.
Why he ever thought of Kollegal?

Please see P.W.D note above (file 1653 Supply).

The Supervisor Kollegal has to tour in ordinary as well as special hauls. He draws T.A. a fixed for ordinary hauls and (Consequently he) is in addition entitled to draw mileage at ordinary hauls for the very mile travelled in Special hauls - vide Annexure ~~II~~ (C). If the Supervisor's jurisdiction lay entirely in special hauls instead of partly in ordinary hauls & partly in special hauls, the would be entitled to an amount of T.A. equal to one and half times of his ordinary T.A. for hauls & to nonors. Vide Go 1184-W dt 18-10-

The A.G calls attention to the anomaly in the case as much as the Supervisor has been able to secure several months from Jan'y 25 to Nov 25, a sum greater than 1½ times his T.A, which ought to be the maximum. If it is enforced
